Interim Agricultural BMP Definitions and Effectives Values_082010_.doc

Good Afternoon Russ and Allan,

Thank you again for the invitation to participate in the Virginia SAG meeting on August 24, 2010 for developing the TMDL WIP for Virginia. I have enclosed a document describing a number of provisionally approved interim agricultural BMPs that have been submitted to the CBPO for consideration in WIP scenarios. Although they are subject to change prior to formal adoption by the partnership following the BMP Protocol process, there may be several BMPs that would have potential application in Virginia's WIP.

Thank you for your time and consideration. Should you have any further questions, please contact Chris Brosch and me at your convenience. Thanks!

Mark P. Dubin
